TAPIZADOS DOÑANA

Nuestro toque *Artesano*

Nuestros productos están hechos a mano, lo que nos permite una enorme personalización, a la vez que un perfecto control sobre el proceso de elaboración. El mimo empleado en cada una de nuestras creaciones asegura su durabilidad, confirmando así la garantía del prestigioso marchamo "Made in Spain".

Nuestra *Calidad*

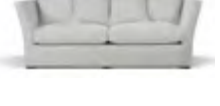

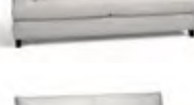

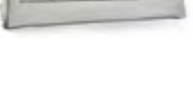

En consonancia con la filosofía de la empresa, nuestros muebles tapizados están hechos con el máximo esmero y con productos de primera calidad y siempre con materiales homologados, aprobados por las diferentes reglamentaciones, y respetando el ecosistema, el medio ambiente y la naturaleza.

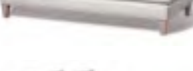

Personalización completa

Una característica de nuestras creaciones es que la tela es aportada por el cliente: esto nos permite infinitas variaciones (tantas como telas para tapizados puedan existir), a la vez que hacer un producto completamente adecuado al gusto del consumidor final.

MUY IMPORTANTE

Los metrajes indicados en cada modelo están calculados en telas lisas de 1,40 de ancho.

ESPECIFICACIONES TÉCNICAS Y GARANTÍAS

Armazones

Todos nuestros armazones están realizados en madera maciza de primera calidad cortada y tratada en nuestra carpintería. Sus uniones están espigadas y engarzadas para conseguir una estructura de larga duración. El grosor de los armazones se adecua a cada modelo, según necesidades de construcción.

Asientos

Todos nuestros asientos están constituidos por muelles de bastidor reforzado. El muelle de bastidor reforzado, conseguido mediante un cuidado proceso industrial, confiere a los modelos la durabilidad y robustez necesarias para un óptimo rendimiento, sin olvidarnos de la comodidad que caracteriza a nuestros productos.

Partes acolchadas

Todas las partes acolchadas de nuestros muebles están recubiertas de espuma de poliuretano, debidamente homologada.

Relleno

Existen dos tipos de relleno para nuestros cojines:

1. Mezcla de plumón de oca y fibra hueca, batida en el aire por máquinas de última generación. La proporción exacta de los materiales permite el mejor de los descansos.
2. Plancha de poliuretano con una densidad de 35 kilos por centímetro cuadrado, recubierta por una capa de sandwich, lo que garantiza durabilidad, confort y comodidad.

En referencia al armazón y muelles, todos nuestros productos fabricados con muelles de bastidor cuentan con una garantía de ocho años.

Los cojines de pluma y fibra tienen una garantía de dos años.

Los cojines de plancha de poliuretano están garantizados por nuestros proveedores por un año.

Las garantías a las que Tapizados Doñana S.L. se refiere son aplicadas a aquellos muebles de medidas estándar que formen parte de este catálogo. No se garantizarán medidas especiales ni modelos fuera de colección.
